the legend

JUNE, 1971
WEEQUAHIC HIGH SCHOOL
NEWARK, NEW JERSEY

Many of us who started Weequahic as freshmen still remember the uncertainty and naivete which possessed us during our first year. While here we developed into aware, mature individuals. We were fortunate to have two concerned, helpful, and energetic senior class advisors to guide us.

The senior class of 1971 thanks Mr. David Lieberfarb and Miss Gwendolyn McClendon for helping us become the jamming, together class that we are. Therefore, we dedicate this volume of the Legend to them.

THE CLASS OF 1971

school personnel

My warmest congratulations to each of you who is now graduating from Weequahic High School. Education is a life-long process - in and out of school. I hope each of you will continue to grow in mind, body and especially in goodwill to your fellow men.

You are maturing in a world full of problems - war, poverty, injustice, urban blight, etc. This same period has seen valiant efforts by devoted, decent, brave people to correct these abuses. To their many successes I hope you will add your own efforts. To work for what is right, to bring love and understanding rather than increased hatred, to better living conditions for all Americans and all others in the world are among the highest goals to which you can aspire. I have faith in your making your contribution.

GWENDOLYN ZELLARS "Twiggy," who admires Pleshette, enjoys modeling, reading, and listening to "Baby I'm for Real" by the Originals. She has participated in the Pep Club, and has been an O. B. A. representative. Her favorite book is Howard Street. Black, beautiful, and educated, Twiggy wants to major in business administration.

SHEARRON MONROE Being an Aquarian, "Fats" enjoys sewing, driving and having fun. While reading The Book that only had one Word, Shearron listens to "If I Were Your Woman." Her mother is one of favorites, along with Langston Hughes. At school she participates in the Legend Business Staff and Senior Council for the O. B. A. This with it sly person enjoys being with her main man, Leonard Mitchell. Her ambition is to become a data processing programmer.

DAVID MICHAEL WINSTEAD "Jesse" enjoys singing, art

work, playing the alto clarinet, and listening to the Edwin Hawkin Singers. A person who aspires to be a great success in the future, David also relaxes off of Daudate Dominus and the songs of Handel.

RUBY HUNT A Leo, Ruby admires Bobby Seale and Huey Newton, and enjoyed The Black Panthers. Crazy, friendly and sincere, she hopes to become an English teacher. She has been a member of such various activities as the Pep, Afro-American and Spanish Clubs, Legend Business Staff, and Student Council.

JEFFERY HUNTER This Pisces is an admirer of Angela Davis, Sly, and Isaac Hayes. Jeff's outside interests include working, driving, bowling, and partying. A homeroom rep. for four years, his ambition is to become an electrical engineer.

MIGAIL IGUS "Mickey" likes everybody from Richard Wright to the Temptations. She hopes to become a private secretary after attending Berkeley College. Young gifted, and proud, Mickey enjoys rooting for the basketball team, swimming her best stroke, and sewing.

Weequahic students are fortunate to have such patient, diligent women working in our cafeteria.

CAFETERIA?

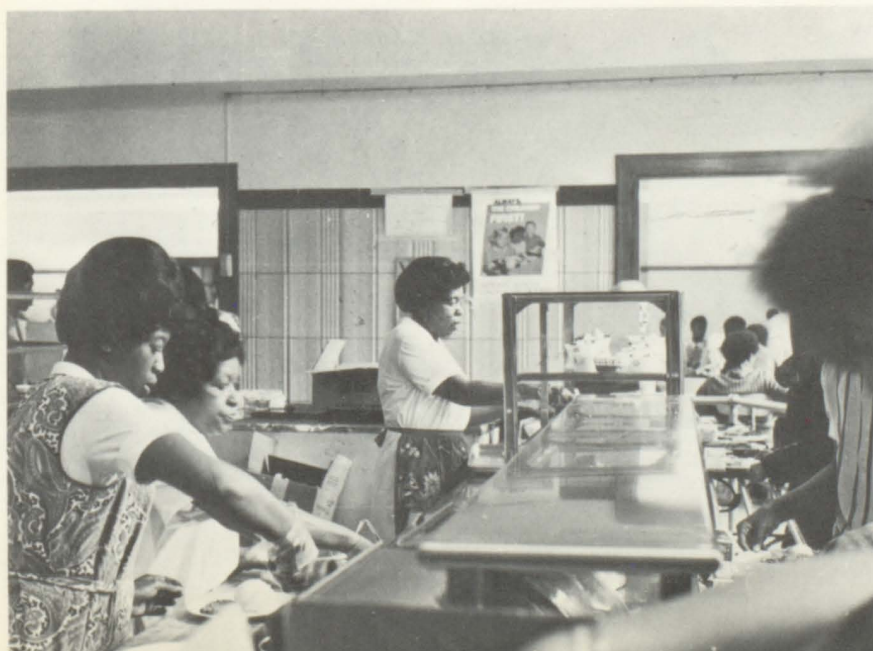

Without them we would never have gotten the chance to eat so many interesting foods.

FOOD??

Therefore, we take this opportunity to salute the cafeteria staff from the bottom of our indigestion to the top of our Excedrin headache number 4,567.

Seriously, however, we would like to thank the cafeteria workers and the custodians because they have put up with a lot, the inferior working conditions and the "attitudacious" minds of the students. Their job was merely to serve us food. They were not obligated to be cordial; but they were. When thinking about Weequahic, let us not forget the cafeteria workers. Even though we've often met their smiles with a cutting remark, let's not leave without thanking them for putting up with us, and for a job well done.

THANKSGIVING DAY, 1970

WEEQUAHIC SCALPS SOUTH SIDE, 24-12

In sports, the climax of our four years at Weequahic had to be the South Side game. It was the Indians' first victory over our neighborhood rivals since the days when most of the Class of '71 was still in diapers. Four touchdown passes by quarterback Thurman "Skipper" Jones sparked the come-from-behind triumph.

We won't forget a lot of other outstanding achievements, either: cross country and track championships led by Clint McDonald and Barry Mason, the city tennis championship dominated by Tom Garrett, and the City League football title in 1967 and 1968.

The player who best represents the Orange and Black Power of Weequahic '71 was Ronald Howard, co-captain of the football, baseball, and basketball teams. A 5'6" midget in a world of giants, Ronnie used his great speed, dexterity, and determination to become a valuable two-way performer on the gridiron and an indispensable ballhawking playmaker on the basketball court.

But sports at Weequahic wasn't all heroes and championships. The athletic program has always tried to foster good sportsmanship to go along with the will to win, the value of discipline to go along with zealous spirit, and a sound mind to go along with a sound body. The most important moment in an athlete's life may not be the City League title or a win over South Side. It may be learning how to gracefully accept a particularly heart-breaking defeat. Or it may be that moment in a dreary, grinding practice session when a runner or a swimmer reaches into the depths of his being - of his soulful soul - for that extra adrenalin and the ability to tolerate intolerable pain.

And let's not forget to give a pat on the back to ourselves, the jammin' fans, especially those fans who supported our athletes as managers, twirlers, cheerleaders and the marching band. We also knew the thrills of victory as well as the agonies of defeat.

Finally, we can't leave without remembering our loyal and dedicated coaches, varsity and jayvee, old and young, black and white, sometimes red in the face or green with envy, but never yellow, and always true blue to the Orange and Brown.

We have finally received our parole papers from the great jail on the hill known as Weequahic High School. We are free, and no longer compelled to travel the well-guarded hallways of our alma mater. Never again will anyone be sentenced to detention in Mr. Mac's office.

During the years of 1967 through 1969, Mr. William Monprode was our principal (warden). We should all have a vivid memory of our freshman and sophomore years, because they were truly jamming years. At that time the "Y" was the thing. If you wanted to dig and be dug you hung at the "Y."

Do you remember the frats and sororities: the Q's, the Rho Kappa Rho, the Lambda Kappa Rho, the Omicrons, the Betas, Zetas, and all the other Greeks?

It was also in our freshman year that Weequahic was caught up in revolution - THE BOYCOTT of 1968 - the boycott in which Weequahic students tried to let Newark know that we were not going to accept an education that was totally irrelevant to our lives. After this mild taste of revolution our dress-code was abolished and Swahili and Afro-American History became a part of our curriculum. We are still trying to make Newark aware of our needs.

At the same time Weequahic was undergoing its transition, the entire country was at a point where it realized that the old priorities and policies could no longer remain unchanged. Tragically four great men who spoke in favor of change were assassinated: Martin L. King, John F. Kennedy, Robert F. Kennedy and Malcolm X. There was and still is a war raging in Southeast Asia, a war which takes the lives of countless human beings daily, a war that is illegal under the Constitution of the United States, and unjust under the Constitution of Human Rights.

Since at least 1967 America has been forced to take a cold, hard look at herself. America, the alleged epitome of democracy, still has not enforced desegregation orders which the Supreme Court issued in 1954. America, the seat of democracy, is the place where Lester Maddox was allowed to distribute (in Washington, D. C.) pick-ax handles which he had used on black people in Georgia who tried to eat in his restaurant. America, the land which honors great accomplishment, is the same country in which a black man was stripped of a championship he won for refusal to join the U.S. Army. Muhammad Ali honestly believed that fighting and killing was unjust and wrong. America - the land of the free and the home of the brave.

As sophomores we were really together. Our class was the first to have a sophomore bus ride. Who can forget Rockaway Beach? We went there as a class twice. That's the place where we all played in the Atlantic Ocean with clothes on; the trip where everybody was in couples: Reggie and Al, Allison and Karen, Derek and Ronald, Barbara and Paulette . . . Both the sophomore and junior bus rides can be filed under "j" for jamming.

At the end of our sophomore year Mr. Monprode, who came to nearly all of Weequahic's football games and dances, who was understanding and willing to get involved, left. Our sophomore year was also the last year that we had school without an unexpected winter vacation which began on February 1!

Junior year arrived! The first thing we hear is "Hi, folks!" Mr. Charles Brodsky is our new principal. With compliments on the merits of Weequahic and words of praise for the fashion sense of its students, Mr. Brodsky obtained a very unique reputation (smile). He came to Weequahic unaware of our independent nature and jamming spirit. However, he became quickly enlightened when he decided to tell us that we couldn't have a talent show. So many petitions were signed it's a wonder we didn't develop "writer's cramp." We got our point across and had the talent show. It wasn't as spectacular as the shows we had in our freshman and sophomore years but at least we proved we could do it.

"Stop whatever you are doing; eating, rapping, taking a test - just stop! We are having another fire drill." The fire alarm has gotten to the point where it is almost meaningless to Weequahic students. If the weather is fine, everyone will rush outside; if it's raining, no one moves. At this rate Weequahic High School will become an up-to-date version of "The Boy Who Cried Wolf."

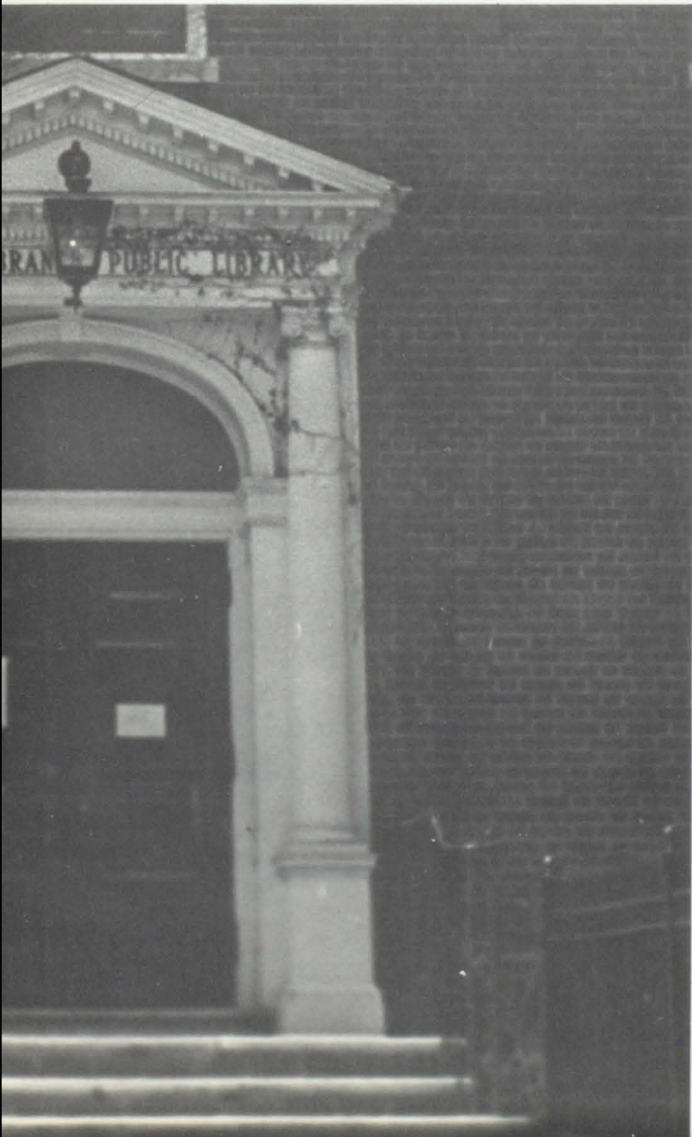

"Black is Beautiful" and it's so beautiful to be black. When Kenneth Gibson was elected Mayor of Newark a tide of black consciousness flowed over black people in Newark. Gibson's campaign was a campaign of the people. He was looked upon as a symbol of unity, brotherhood and power. On him the people of Newark placed the burden of Newark's many problems: high crime, infant mortality and venereal disease rates, widespread drug abuse, an ineffective educational system, racial antagonism and a crisis of public confidence. In Mayor Gibson's words, "When you talk about modern day urban problems, you're talking about Newark."

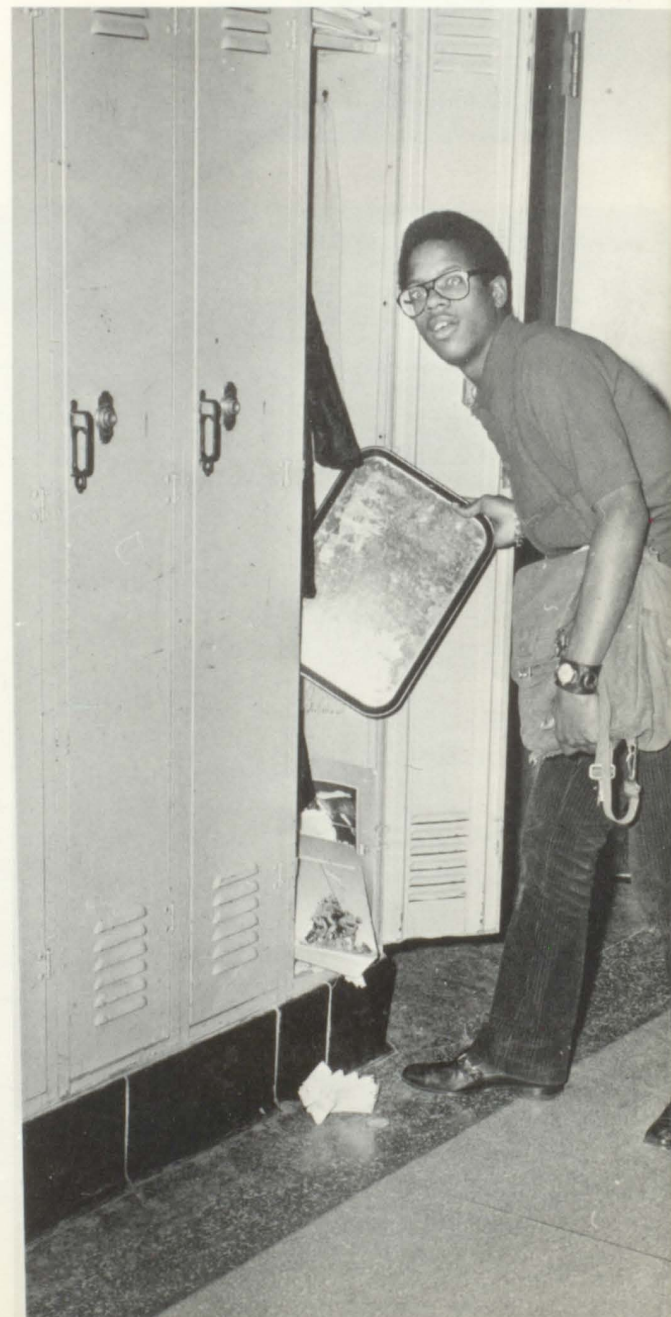

At the onset of our final year at Weequahic many of us were faced with the difficult task of deciding whether or not we wanted to further our education, and if so, which school would best suit us. In the beginning of our senior year, we, as college-bound students could frequently be found in room 311 with either Mrs. Litzky or Mr. La Penna, our two able college guidance counselors. After sending out all our applications and just meeting the deadlines, we were able to relax a little and concentrate on activities which involved Weequahic and the present rather than those which concerned our future lives. Many others of us looked forward to jobs, secretarial or technical schools, military service, or marriage.

In our senior year we had many memorable moments, both good and bad. There was the Senior Spook, where many of us didn't have to try hard to look horrible - it just came naturally. But there were also some very original outfits which only proved further the great ingenuity of the class of "71."

In sports, who will ever forget our first Thanksgiving Day game win since we'd been here? And to top it off, we beat our bitter rivals, South Side. But will we ever forget that our basketball team that year lost only five games and three of those losses were to South Side? On the whole though, during our years here sports achievements have been above average and we would give any opponent a difficult time.

But soon there had to come something to jolt our feeling of a calm senior year (Why we even had fewer false fire alarms; only about once a day). The Board of Education attempted to strip the contract that the teachers, aides and clerks had won through a three week strike in 1970, thus forcing many members of the Newark Teacher's Union to strike. The 1971 annual Newark teacher's strike was the longest one in a major city. During the strike our principal suffered through an appendectomy.

We were able to do many things as the strike progressed because we had so much time to do it in. What we weren't able to do though was obtain the education which we sorely needed. We, as students were the ones who were hurt most by the strike. It crippled us so greatly that it was to leave irreparable damage. Most students reached the point where they didn't care what happened anymore. Apathy can do more damage to a human being than anything else.

In the outside world much change and revolution came about also. In sports, can anyone ever forget the great fight? No, not the McClendon-Zois fight; the Frazier-Ali fight.

This fight was over something a little better than a man, it was over millions of dollars and the heavyweight championship title of the world. Although Frazier won, technically, many thought it a draw. And don't leave out the Mets. Remember how they shocked the world by winning the World Series? Another spectacular team was the Knicks who won the NBA Championship.

Outside of sports though much change was taking place in our society. Old values were being uprooted and replaced by new ones. New York changed its out-of-place-in-today's-society laws and legalized abortion. Abortion has become so commonplace that it is even advertised in newspapers.

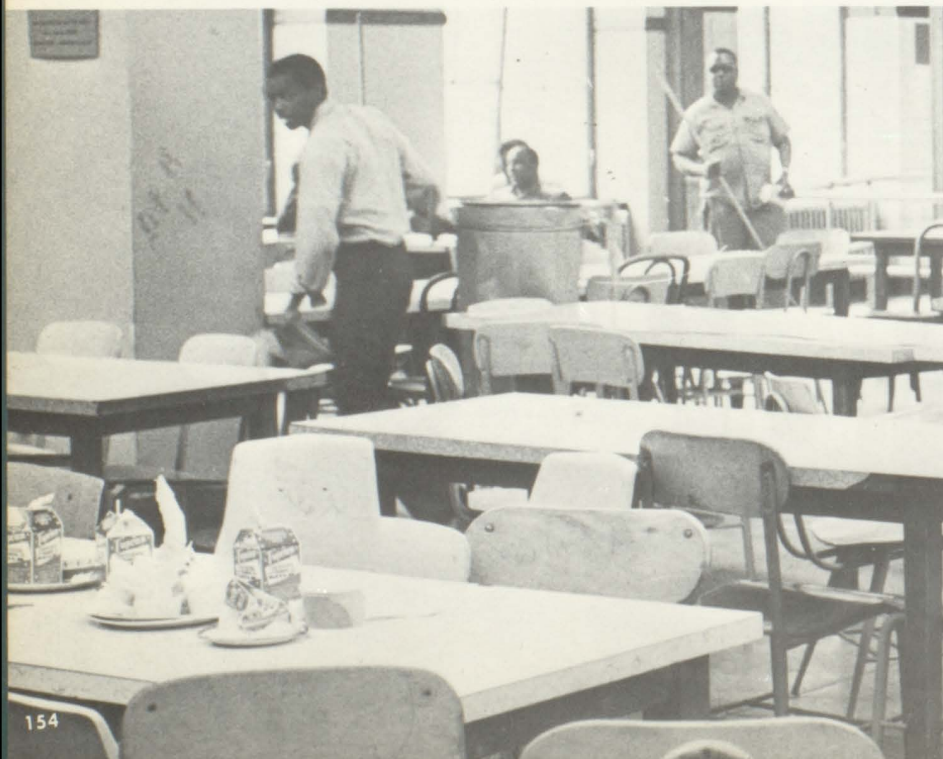

A law was also passed by Congress which lowered the voting age to eighteen. Our class will now be able to vote for the next President of the United States. In New Jersey too, change came about. Besides changing governors, let's not forget that in our senior year New Jersey began its first lottery system. Now one can buy a fifty-cent ticket that could possibly be worth thousands of dollars.

We, the class of 1971 have seen many startling events occur during our years as high school students. Events such as man's venture to the moon, the guilty verdicts of the Manson and Calley trials, the new lottery system for the military draft, and the imprisonment of black militant Angela Davis.

We also as a class have had many exciting and memorable moments. Can we ever forget how we anxiously awaited graduation, prom night, and the Senior Picnic? But as we look back in retrospect on our high school years, there will always stand out in our memory moments of both happiness and sadness, sweetness and bitterness and glory and defeat. We are a class that grew up in times of great change and revolution. But we managed to survive these times and emerge as promising leaders of tomorrow's world.

LINDA REAVES, LINDA GALLASHAW

Being on the Legend staff has been a very enjoyable experience. The members are very dedicated, sincere, hard-working students striving to have a good yearbook. Although the teachers' strike has affected our education, it hasn't stopped the members from working on the yearbook. Most of the work was done at the home of the editor, Jay Patterson. Without his cooperation and the assistance of Mr. James Lowenstein, we would never have gotten the yearbook out by the required deadlines.

The staff would like to give special thanks to Althea McClendon, Gwen Peebles, and Velinda Mathews for their time and effort in typing thousands of words in this yearbook.

advisor's message

Most of the work on this yearbook was done at a clandestine, underground Legend headquarters because of the teachers' strike. I wish to thank all staff members for long hours of work, and special thanks to: Jay Patterson and his family for the repeated use of their home as our base of operations, Linda Reaves, art and layout staff editor, for herculean efforts, Bill McGuinn and the Legend business staff, Bob Poeschl for photographs, and John Silva for advice and guidance.

Apologies for omission of the clubs' section, senior homeroom and class officer pictures. Photographs by Al Henderson studios, Wayne Watkins, and Jennifer James.

GARY BRUNSON Gary, a true Scorpio, enjoys listening to Chicago and James Brown. He also enjoys reading the works of Nathan Heard. Gary will become a professional drummer.

MYRTLE ADELE CONOVER "Momo" enjoys jazz, classical, modern and rock and roll music. She rates Michelangelo and Edgar Allan Poe as her favorites. In her spare time she plays basketball, baseball and writes poetry. Myrtle's ambition is to become a teacher.

CAROL JEFFERIES Born under the sign of Scorpio, "Peanut" admires Miles Davis and Jimi Hendrix. After graduation she plans to continue her studies in hopes of becoming a lawyer.

DELPHINE JONES Manchild in the Promised Land is Delphine's favorite book. "Bubble's" favorite recording is "I Stand Accused" by Isaac Hayes. Her future plans include studying at a business school.

DAPHENE LUVATA KIMBALL "Pumpkin" has been an active member of the pep, Afro-American, art and Latin clubs. She enjoys the music of the Impressions, the Jackson Five and Stevie Wonder. Pumpkin hopes to become either a mathematician or a biochemist.

GARY MATTHIS "Rajabu" most admires the Rev. Jesse Jackson. He has been the President and Vice-President of the Student Council. He is also a member of the National Honor Society. Rajabu has participated in the French, Afro-American, chess, and Jerseyman clubs. He hopes to become a dermatologist.

DEAN CRAIG McCARGO "Dean the Dream" has been a member of the band for two years. This Sagittarian enjoyed Native Son by Richard Wright. He plans to study medicine.

SANDRA McCOLLUM "Sandy" has been a cheerleader for three years and the captain for two. She is also a member of the modern dance club, senior class executive board, and the Afro-American club. She hopes to major in Business Administration, or go into the field of computers.

RICHARD McCORMICK Very sportsminded, "Richie" likes basketball, track and baseball. He is President of the Theta Kappa Rho Fraternity. Richie's favorite artist is the late Jimi Hendrix.

CHEYENNE MOORE "Shi," a Gemini, seeks a career as an IBM keypunch operator. She has as favorites, James Brown and Aretha Franklin.

GALE MARION MOORE Gale, a Cancerian, rates James Brown and James Baldwin as her favorites. She also enjoys being a member of the advanced Mixed Chorus. Gale's ambition is to become a history teacher.

EDDIE B. PARKER To become a commercial air pilot is "Chop's" ultimate goal. He enjoys listening to records by the Jackson Five and the Temptations. His sports interests are dominated by baseball.

VIVIAN R. REYNOLDS "Robin" is a member of the pep club, homeroom representative to the O. B. A., and also secretary for Mr. McLucas. She enjoys listening to the Moments and the Delfonics, and reading the works of Eldridge Cleaver and Carl Sandburg. Robin plans to attend college.

DANIEL THOMPSON "Danny," a Leo, digs listening to the Delfonics as they sing "Didn't I?" He also digs the works of Edgar Allan Poe. In his spare time Danny has played in the band and also ran cross-country and track.

LARRY WASHINGTON "Ice-man's" favorites include "I Stand Accused," "Memphis Underground," Isaac Hayes and Herbie Mann. He hopes to be an engineer.

McDANIEL WHITE The Spook Who Sat By the Door is "Mack's" favorite book. He also enjoys the works of Jimi Hendrix and Eldridge Cleaver. He plans to become a journalist.

AIM AND PLEA OF THE CHURCH

We, the Disciples of Christ, wishing to be in complete accord and agreement on the doctrine of the church, set forth the following principles which have been the focus of the church for more than one hundred years:

GENERAL AIM OF THE CHURCH: Restoration of the New Testament teachings and practices.

PLEA OF THE CHURCH: No creed but Christ, no book but the Bible, no name but the Divine. Where the Bible speaks, we speak, where the Bible is silent, we are silent. In essentials unity; in non-essentials, liberty; in all things charity.
